

Summer Camps

Send your child(ren) on an awesome adventure this summer packed with hands on activities, crafts, games, and fun designed around each week's unique themes.

Ages 3-7

Four day camp (Tuesday-Friday)

Mornings: 9:30-1:00PM

Weekly Cost: \$120/Member - \$135/Non-member

Week 1: June 8-11th

Space Camp

Your astronaut will learn about the stars, planets, galaxies and much more through experiments, games and crafts.

Week 2: June 15-18th

Music to One's Ears

Music & STEAM, absolutely! Learning rhythms and music helps with number literacy & fractions. Children will make a new instrument each day from repurposed items and play, dance and sing!

Week 3: June 22-25th

Animal Adventure

Animal enthusiasts will enjoy fun crafts and games focused on animals found in our backyards, farms, jungles, oceans and end with an animal safari. Campers will learn about biology, habitats and conservation.

Week 4: June 27-July 2nd

Insects

Campers will learn about the many varieties of insects that may be found in their backyards, and how they play an important part in our eco system.

Week 5: July 6-9th

STEM

Our little scientists will be fully engaged with hands-on STEM projects. The goal is to help reinforce important life skills and to potentially spark a lifetime interest in the science field.

Week 6: July 13-16th

Art Exploration

Campers will explore the world of art and its many forms. We hope that they discover that art can be found everywhere, and expressed using different techniques.

Week 7: July 20-23rd

Summer Road Trip Rally

You don't have to leave Frankfort for campers to explore the wonders from coast-to-coast by learning about various foods, facts, and traditions that make the USA spectacular!
